

United

The ball is loose, the first serve on its way
We're ready to receive and make this our play
First touch, then setup, leap and smash
Don't bet against us or you'll lose your cash

2times

Only United we are strong
Six of us stand together as one
We play with heart, we fight with pride
We in it to win it all, this is our night

As the game goes on we hear the cheer
Our fans, they carry us, we have no fear
They give us power like a torrent stream
They make us strong like an iron beam.

2times

Only United we are strong
Six of us stand together as one
We play with heart, we fight with pride
We in it to win it all, this is our night

Finally, all hard work pays off
We've lost, we've failed, we've cried
But not today, this is our night

2times

Only United we are strong
Six of us stand together as one
We play with heart, we fight with pride
We in it to win it all, this is our night

2times

United we play, United we fight
Everybody knows, this will be our night.
